

# Instructions

Thank you for downloading this game to help your child practice adding doubles, a key set of math facts.

The first set of boards and cards are for just doubles addition facts. The second set of boards and cards includes doubles addition facts, as well as 1 and 2 more and less for when your child is ready to move to this level.

Print as many boards as you need and the calling cards on cardstock. Cut apart calling cards and use bingo markers or coins to play bingo.
